*October 24, 2009, Pepin Hospitality Center*

A CELEBRATION OF YESTERDAY, TODAY AND TOMORROW  
*We Remember Yesterday, We Live For Today, We Hope For Tomorrow*

Dear friend,

At St. Stephen Catholic Church, plans are underway for our tenth annual Angels Among Us Dinner Auction, scheduled for October 24<sup>th</sup>, 2009. This heavenly event will raise funds for St Stephen Catholic School and Religious Education Center and assist in providing exemplary faith-based education.

Our Angels Among Us Auction is aptly named. Over the years, we have been blessed to receive an outpouring of support from our community. There are many companies and individuals who have contributed to our success with their generosity. Several of them now include us in their annual budget with generous contributions, such as monetary donations, merchandise, services, advertising, and/or corporate sponsorships. There are, truly, Angels Among Us.

In these uncertain times, we have chosen a theme that reflects our wish for the days to come. We remember yesterday. We live for today. We hope for tomorrow. It is in our children's eyes that we see the hope and the light for our future. We do hope you can join us in our endeavor for a brighter tomorrow.

As a 501c(3) not for profit organization, St. Stephen Catholic School and Religious Education Center relies on the support of our community and private individuals to benefit our children. Please consider making a tax deductible contribution to our event. Your support will be recognized by over 3,000 of our grateful families and our children, the key to a better tomorrow.

Your gift is fully tax deductible to the extent of the IRS code. Our tax identification number is 39-00-156540-55C. We would be more than happy to pick up your donation at your convenience. We can also contact you closer to the date of our event if you'd like to keep us in mind.

If you require additional information or any further assistance, please contact me. Thank you again for your consideration.

Sincerely,

Mary Lynn Williams
